Environmental preservation
is important to us

The Story of Our Imli Tree

On site at Karamchand Greens sits a 100 year old Tamarind tree. Lore has it that it was once a popular spot for people in the local community. Many a conversations were had under the shade of this old tree, make-do swing sets were hung, and many a people delighted in the sweet and sour tamarind, also known as imli. It has seen a few small weddings, witnessed quiet moments of introspection and heard many a life story.

It's legacy is worth preserving. This is why, we have taken due care and attention to preserve this beautiful old tree. It is our poster boy and the inspiration behind the clubhouse at Karamchand Greens, Imli Bagh Club.
